Welcome to ISSVA 2020!

The International Society for the Study of Vascular Anomalies (ISSVA) will host ISSVA 2020, the 23rd Workshop for the Study of Vascular Anomalies, in the beautiful city of Vancouver, in British Columbia, Canada from May 12-15, 2020. Vancouver is a great site for this Workshop! It is a city that unites an urban metropolis with the sea and mountains. It will also be the first time since 2008 that the Workshop will be held in North America.

The Scientific Program will be a venue to present the latest advances in research and science in vascular anomalies. It will also feature introductory and advanced sessions that attendees can use to increase their knowledge in the fundamentals and advanced topics in the field. ISSVA 2020 will provide a multidisciplinary forum for many specialties including, but not limited to, interventional radiologists, dermatologists, plastic surgeons, otolaryngologists, oncologists, pediatricians, pediatric surgeons, and pathologists.

The ISSVA Workshop has continuously grown thanks to the dedication of physicians in the field and participation in the meeting. We invite you to participate in ISSVA 2020 as a sponsor to be a part of this network and growing trend of knowledge sharing through oral presentations, difficult cases, and poster sessions.

ISSVA 2018 in Amsterdam gave our delegates the opportunity to hear more than 100 oral presentations and view more than 200 posters. We expect the workshop in Vancouver to equal or surpass this.

We look forward to seeing you in Vancouver!

Ilona Frieden, MD
ISSVA President
About ISSVA
The International Society for the Study of Vascular Anomalies (ISSVA) is a multidisciplinary international society of physicians, scientists, and health care providers united by an interest in vascular anomalies. The Society aims to promote the highest standards of care for patients with vascular anomalies by advancing clinical and scientific knowledge concerning causes, diagnosis and treatment, and by education of physicians, health care providers, patients and the community. The Society encourages the free flow of information between its members and interested groups, through workshop meetings and teaching programs, and by the dissemination of a classification scheme and pertinent scientific data.

About the Workshop
The International Society for the Study of Vascular Anomalies (ISSVA) is the formalization of prior biennial international workshops, which were started in 1976. Today, the ISSVA workshops gather hundreds of international specialists of various medical disciplines involved in the treatment of patients afflicted with vascular anomalies. These biennial workshops have fostered time proven personal contacts, collaboration, and informal exchange of scientific knowledge concerning vascular anomalies.

Who Attends the ISSVA Workshop?

- Allied Health (3%)
- Basic Science (10%)
- Dermatology (20%)
- Genetics (1%)
- Hematology/Oncology (5%)
- Interventional Radiology (20%)
- Otolaryngology (3%)
- Pathology (3%)
- Surgery (18%)
- Other (9%)
- Not Specified (8%)

Past Workshop Attendance

- 2008 (Boston) - 289
- 2010 (Brussels) - 560
- 2012 (Malmo) - 501
- 2014 (Melbourne) - 332
- 2016 (Buenos Aires) - 513
- 2018 (Amsterdam) - 746
Geographic Distribution of Attendees

How to Support

**Platinum Sponsors: $35,000 USD**
- Lunch Symposium (non-CME)
- Two table top exhibition spaces (or, for free-build options, please contact us)
- Logo and name acknowledged on program & signage
- Recognized as a sponsor on the meeting website
- 5 Complimentary registrations
- Bag insert or handout

**Gold Sponsors: $25,000 USD**
- Breakfast Symposium (non-CME)
- Table top exhibition space
- Logo and name acknowledged on program & signage
- Recognized as a sponsor on the meeting website
- 3 Complimentary registrations

**Branding Opportunities***
- Branding at Congress Dinner: $30,000 USD
- Hotel Room Keycards: $10,000 USD
- Lanyards**: $2,500 USD
- Mobile App: $5,000 USD
- Notepads & Pens**: $2,500 USD
- Pocket Program: $5,000 USD
- Signage: Varies
- Workshop Bag: $7,500 USD

**Educational Opportunities**
- Breakfast Seminars (non-CME): $20,000 USD
- Lunch Symposium (non-CME): $30,000 USD

**Exhibition**
Exhibiting at ISSVA 2020 is a great way to expand your company’s branding and product awareness. ISSVA is offering table top exhibits (table, two chairs, pipe and drape) for $2,500; for groups interested in building their own exhibition booth, please contact us at info@issva.org for further details.

* Figures are from ISSVA 2018 (Amsterdam)

* Each branding opportunity is exclusive and limited to one (1) sponsor
**Lanyards & notepads/pens do not include the cost of production and shipping
ISSVA 2020 Tentative Schedule

Tuesday, May 12 (Pre-Congress Day):
- Primer Course
- Advanced Multi-Specialty Workshops
- Opening Ceremony
- Welcome Reception

Wednesday, May 13:
